

Stronger Together

Every Mind Matters

Employees are the heart of every organisation, and their mental health directly influences productivity, engagement, and overall business performance. Partnering with Mind Jersey provides companies with an opportunity to make meaningful change — both within their workplace and across the wider community.

Through partnership, you will be providing your workforce with tools to build a more strength based open culture. Your organisation will also be supporting Mind Jersey in delivering vital services, raising awareness about the important difference between mental health, wellbeing and mental illness.

Together, we'll identify and implement practical, sustainable actions tailored to your organisation, helping to build a more inclusive and productive workplace for all.

This package includes the following, however the price and list of items included is negotiable according to the business need:
